

FULL STACK WEB DEVELOPER PROJECT

PROJECT TITLE:

BUDJET-FINANCE-TRACKER

Member Detail:-

Name: AGATHAMUDI VINAY KUMAR

Branch: Electronics and Communication Engineering College

Registration Number: 21PA1A0407

STUDENT-PROJECT-SHOW-CASE:-

Table of Contents:

1. Introduction
2. Technologies Used
3. System Architecture
4. Implementation
5. Features
6. Conclusion

1 Introduction

Finance Tracker allows users to track their income to expense ratio, income to debt ratio, and how healthy their portfolio is by tracking their spendings, incomes, investments.

2. Project Objectives

The primary objectives of this project are as follows:

- Design a unique and attractive sign-up and login system for consumers.
- Develop a dashboard for users for submission of necessary data.
- Implement a dashboard which comprises of graphical representation of the financial attribute ratios.
- Representing the data in pie charts and attribute-based.
- Ensure data security, including user authentication and authorization.

3. Technologies Used

- The following technologies were employed in the development of the platform:
- Frontend: HTML ,CSS ,JavaScript.

- Backend: Node.js, Express.js

- Database: FIRESTORE database

- Authentication : JSONWebTokens(JWT)-Version Control :GitandGitHub

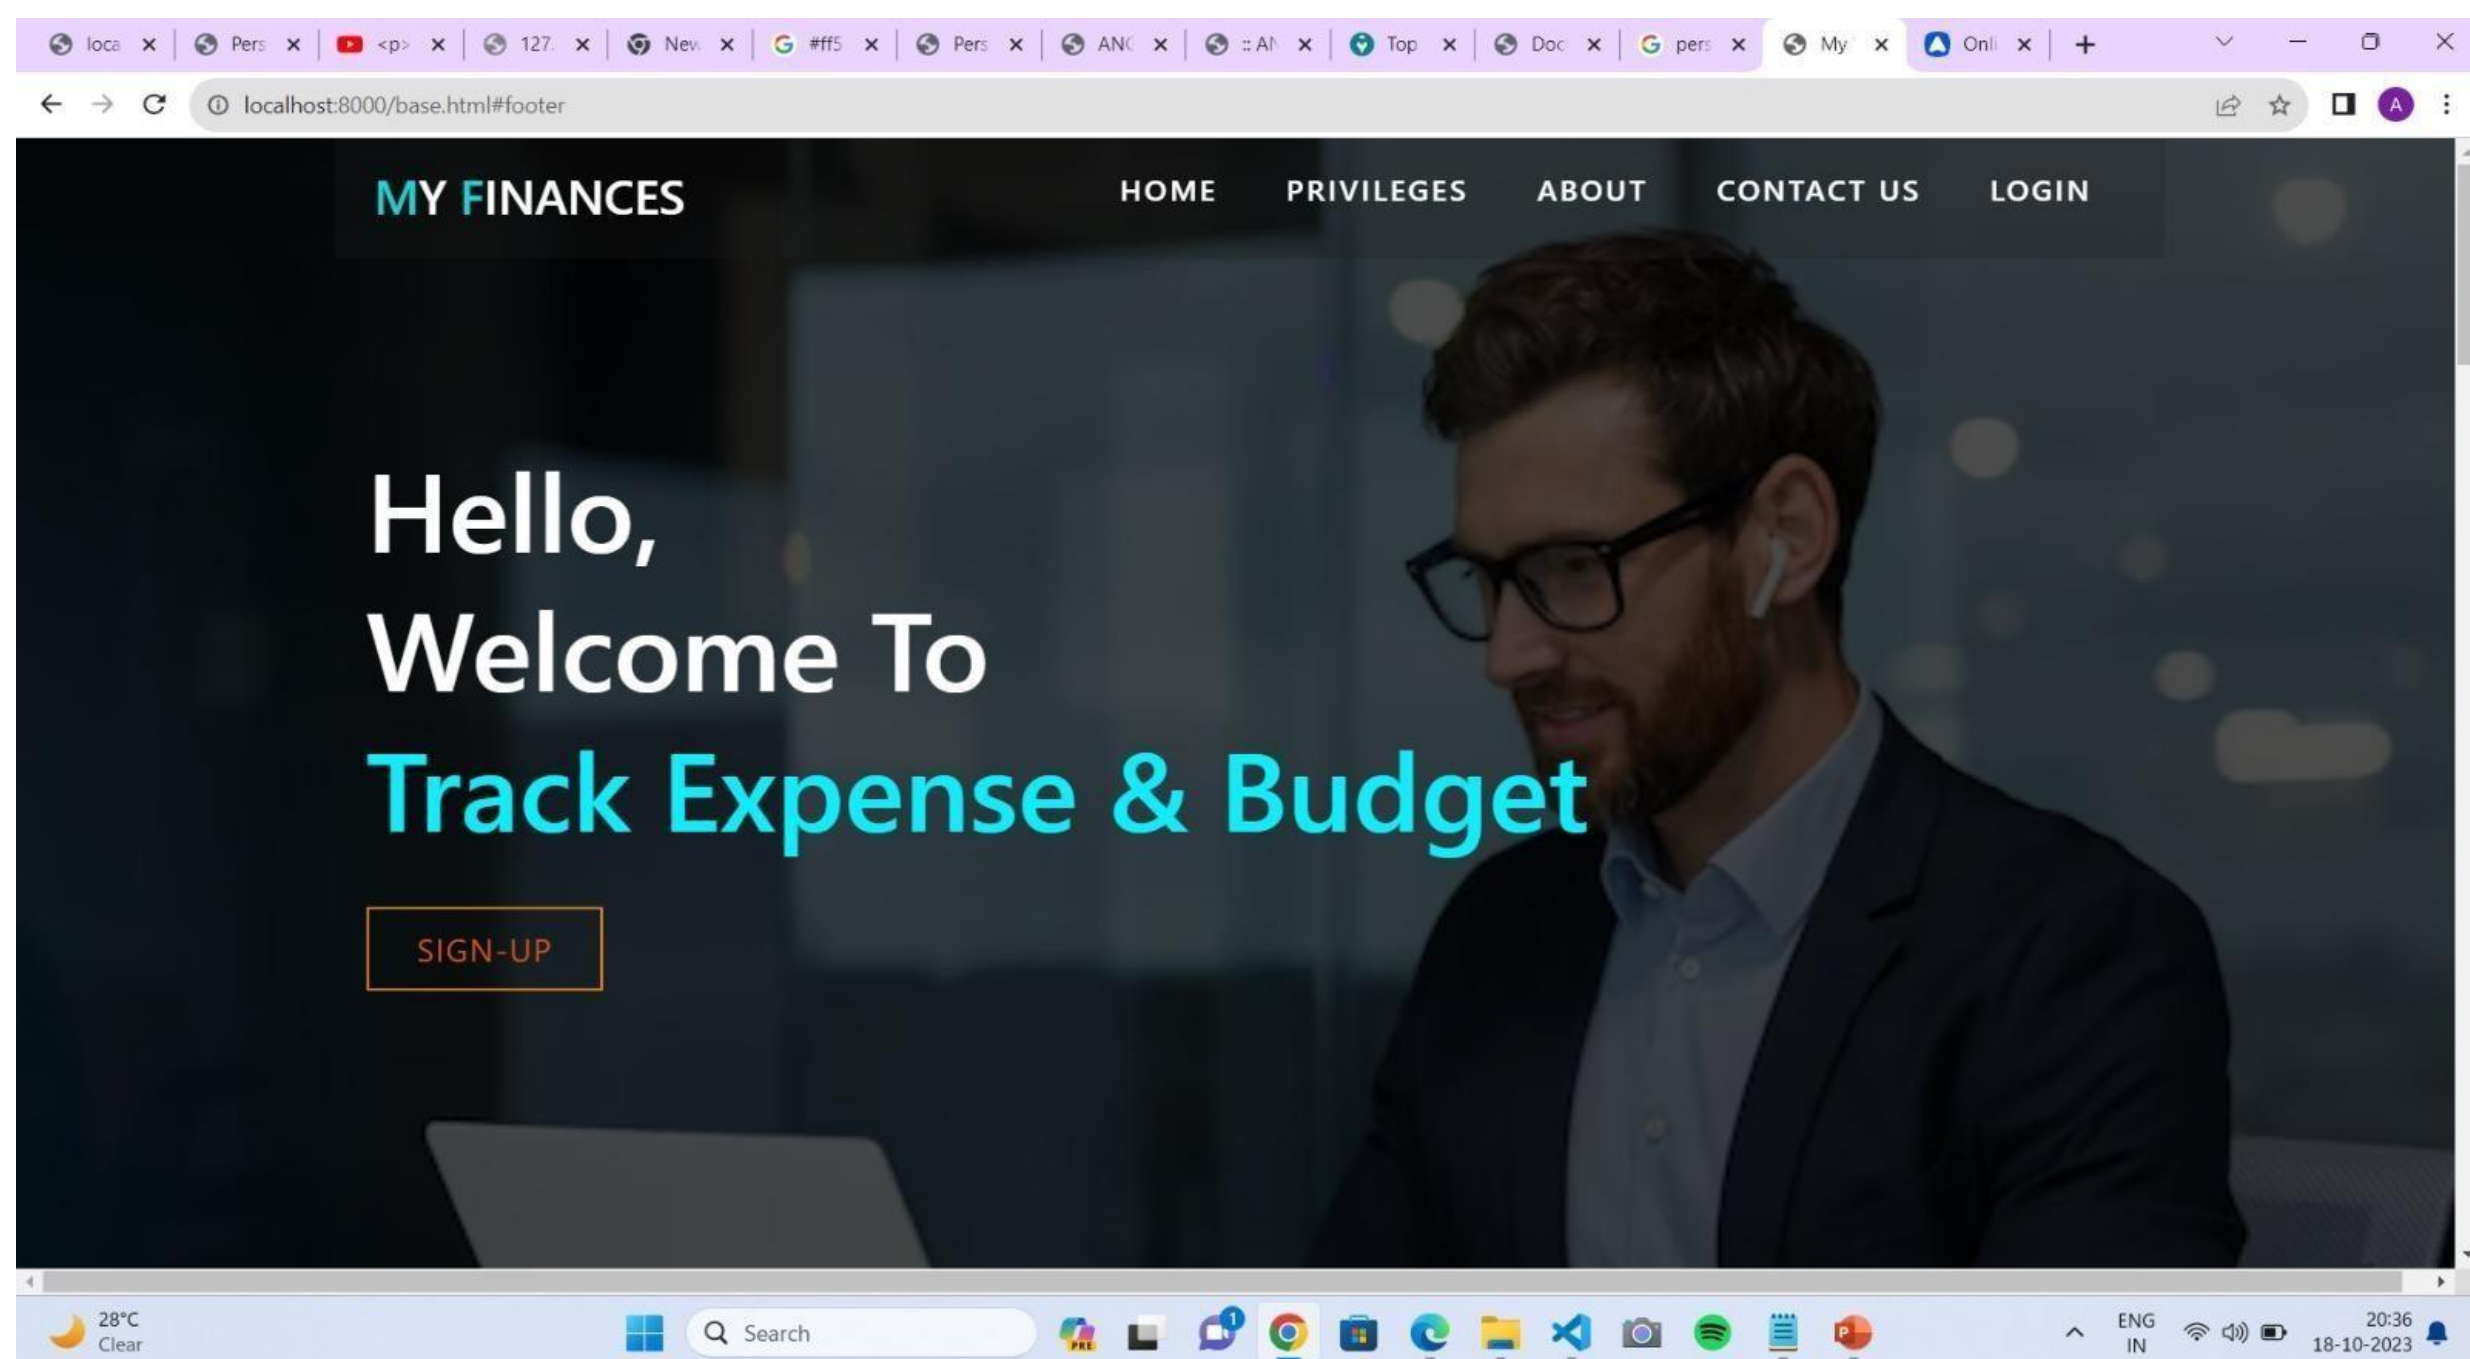

4. System Architecture

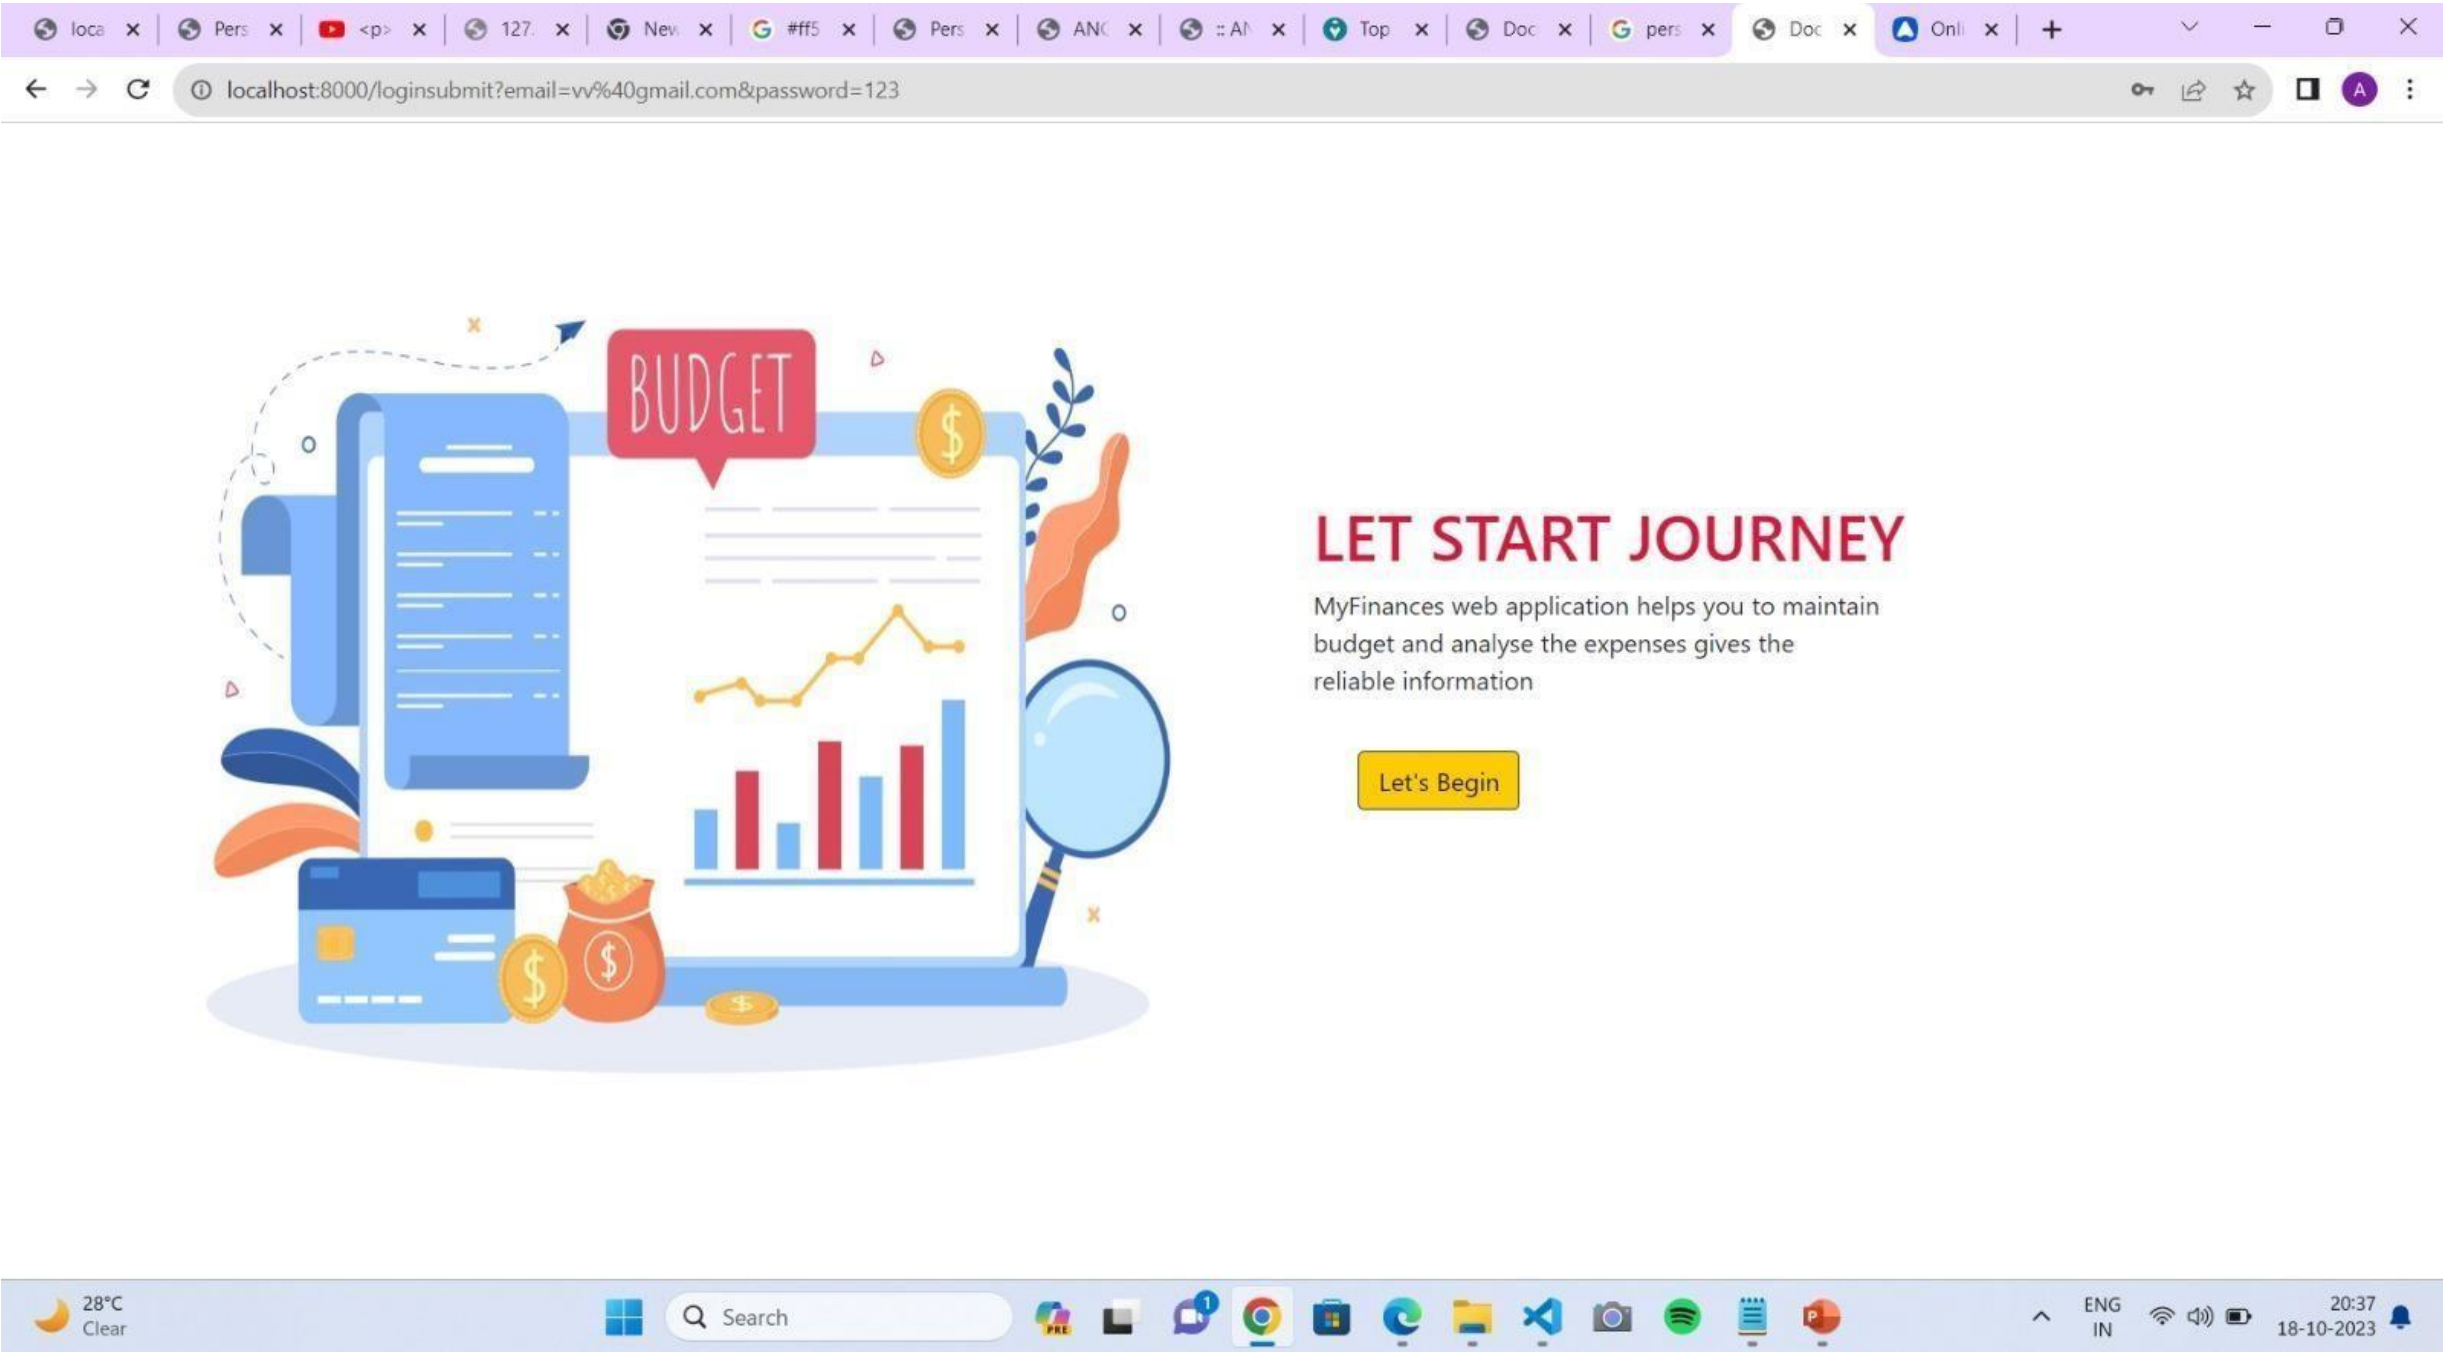

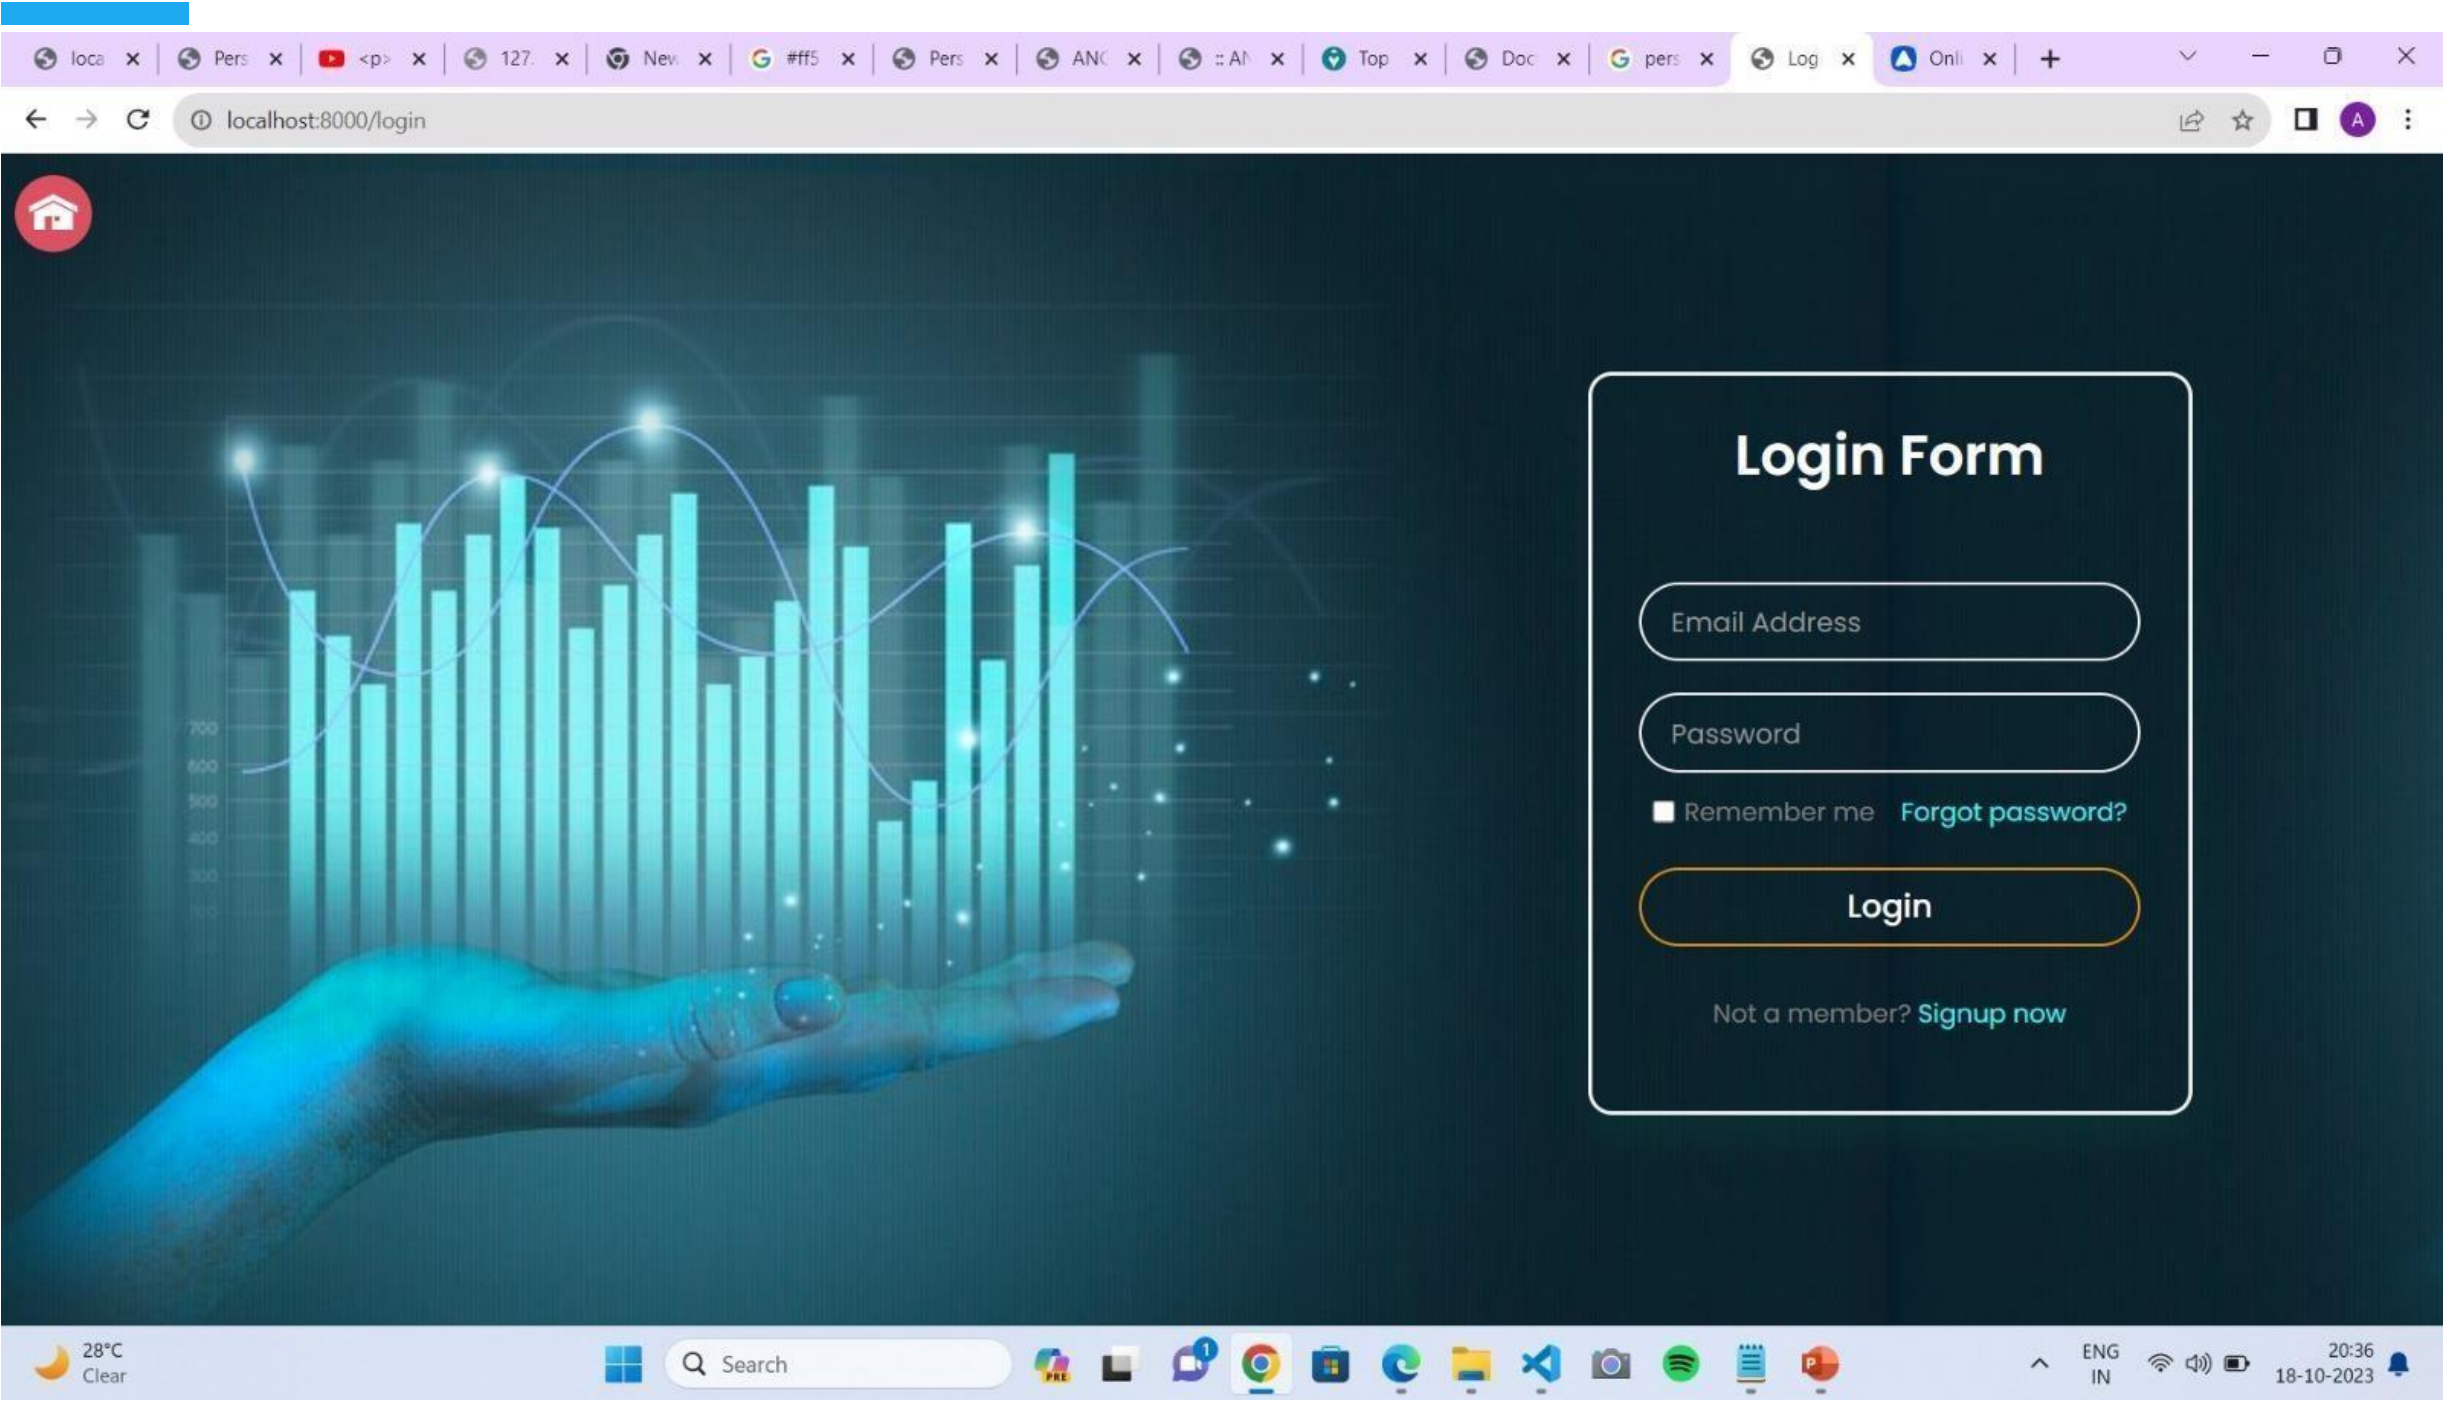

The system follows a client-server architecture. The frontend and backend communicate through RESTful APIs. Data is stored in a FIRESTORE database. User authentication is handled using JSON Web Tokens for added security.

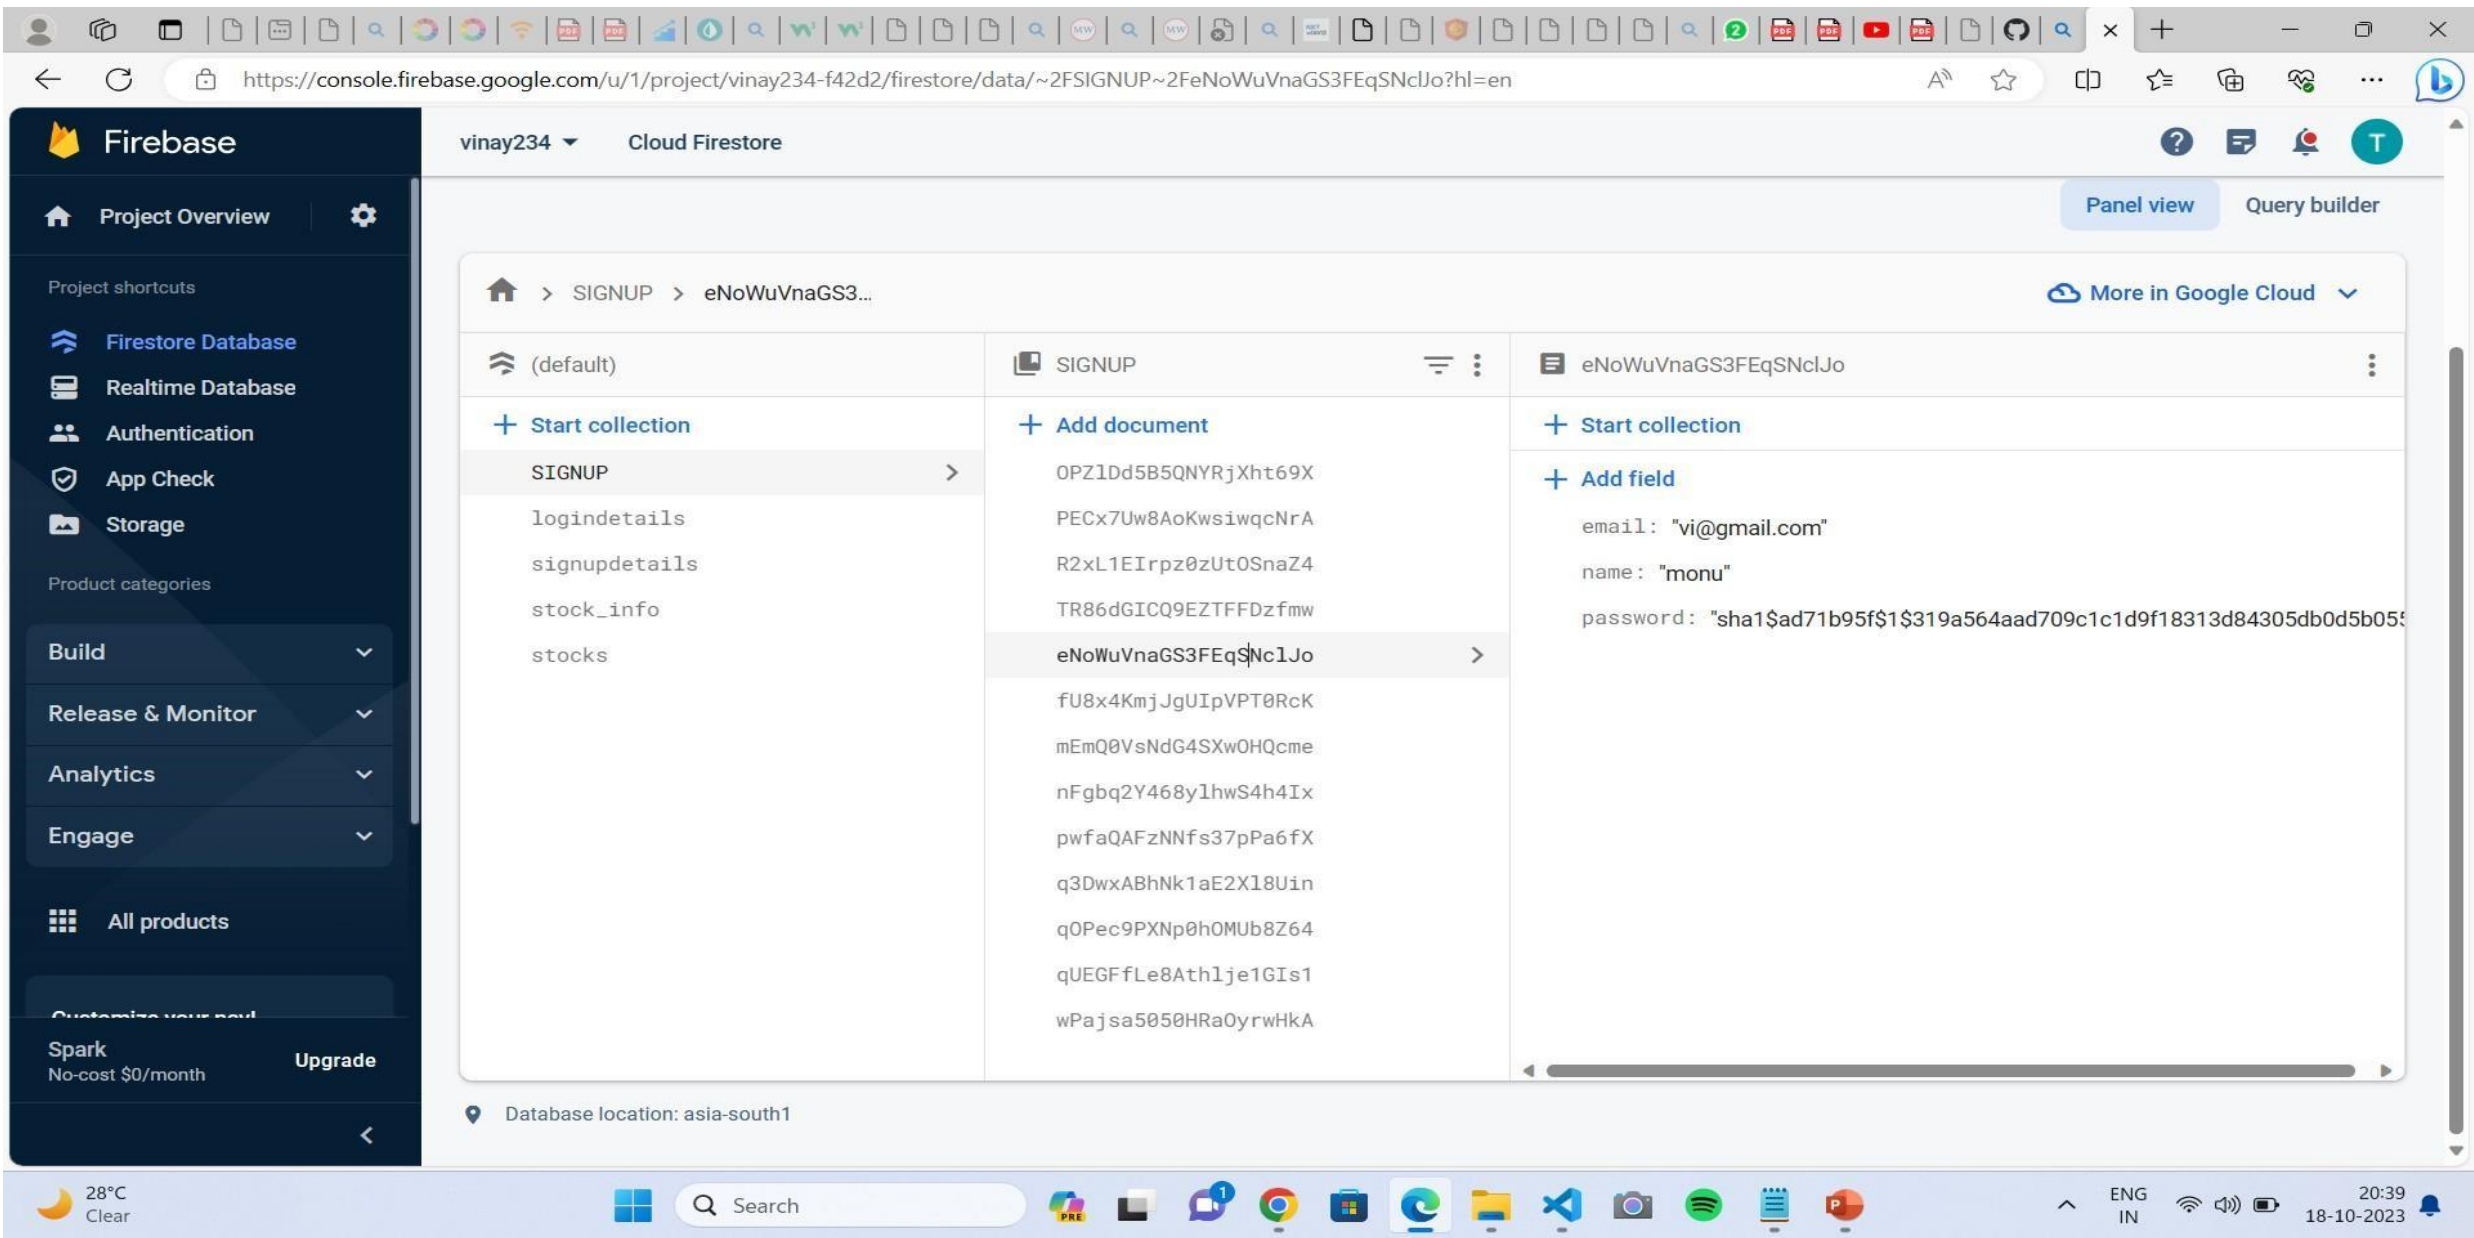

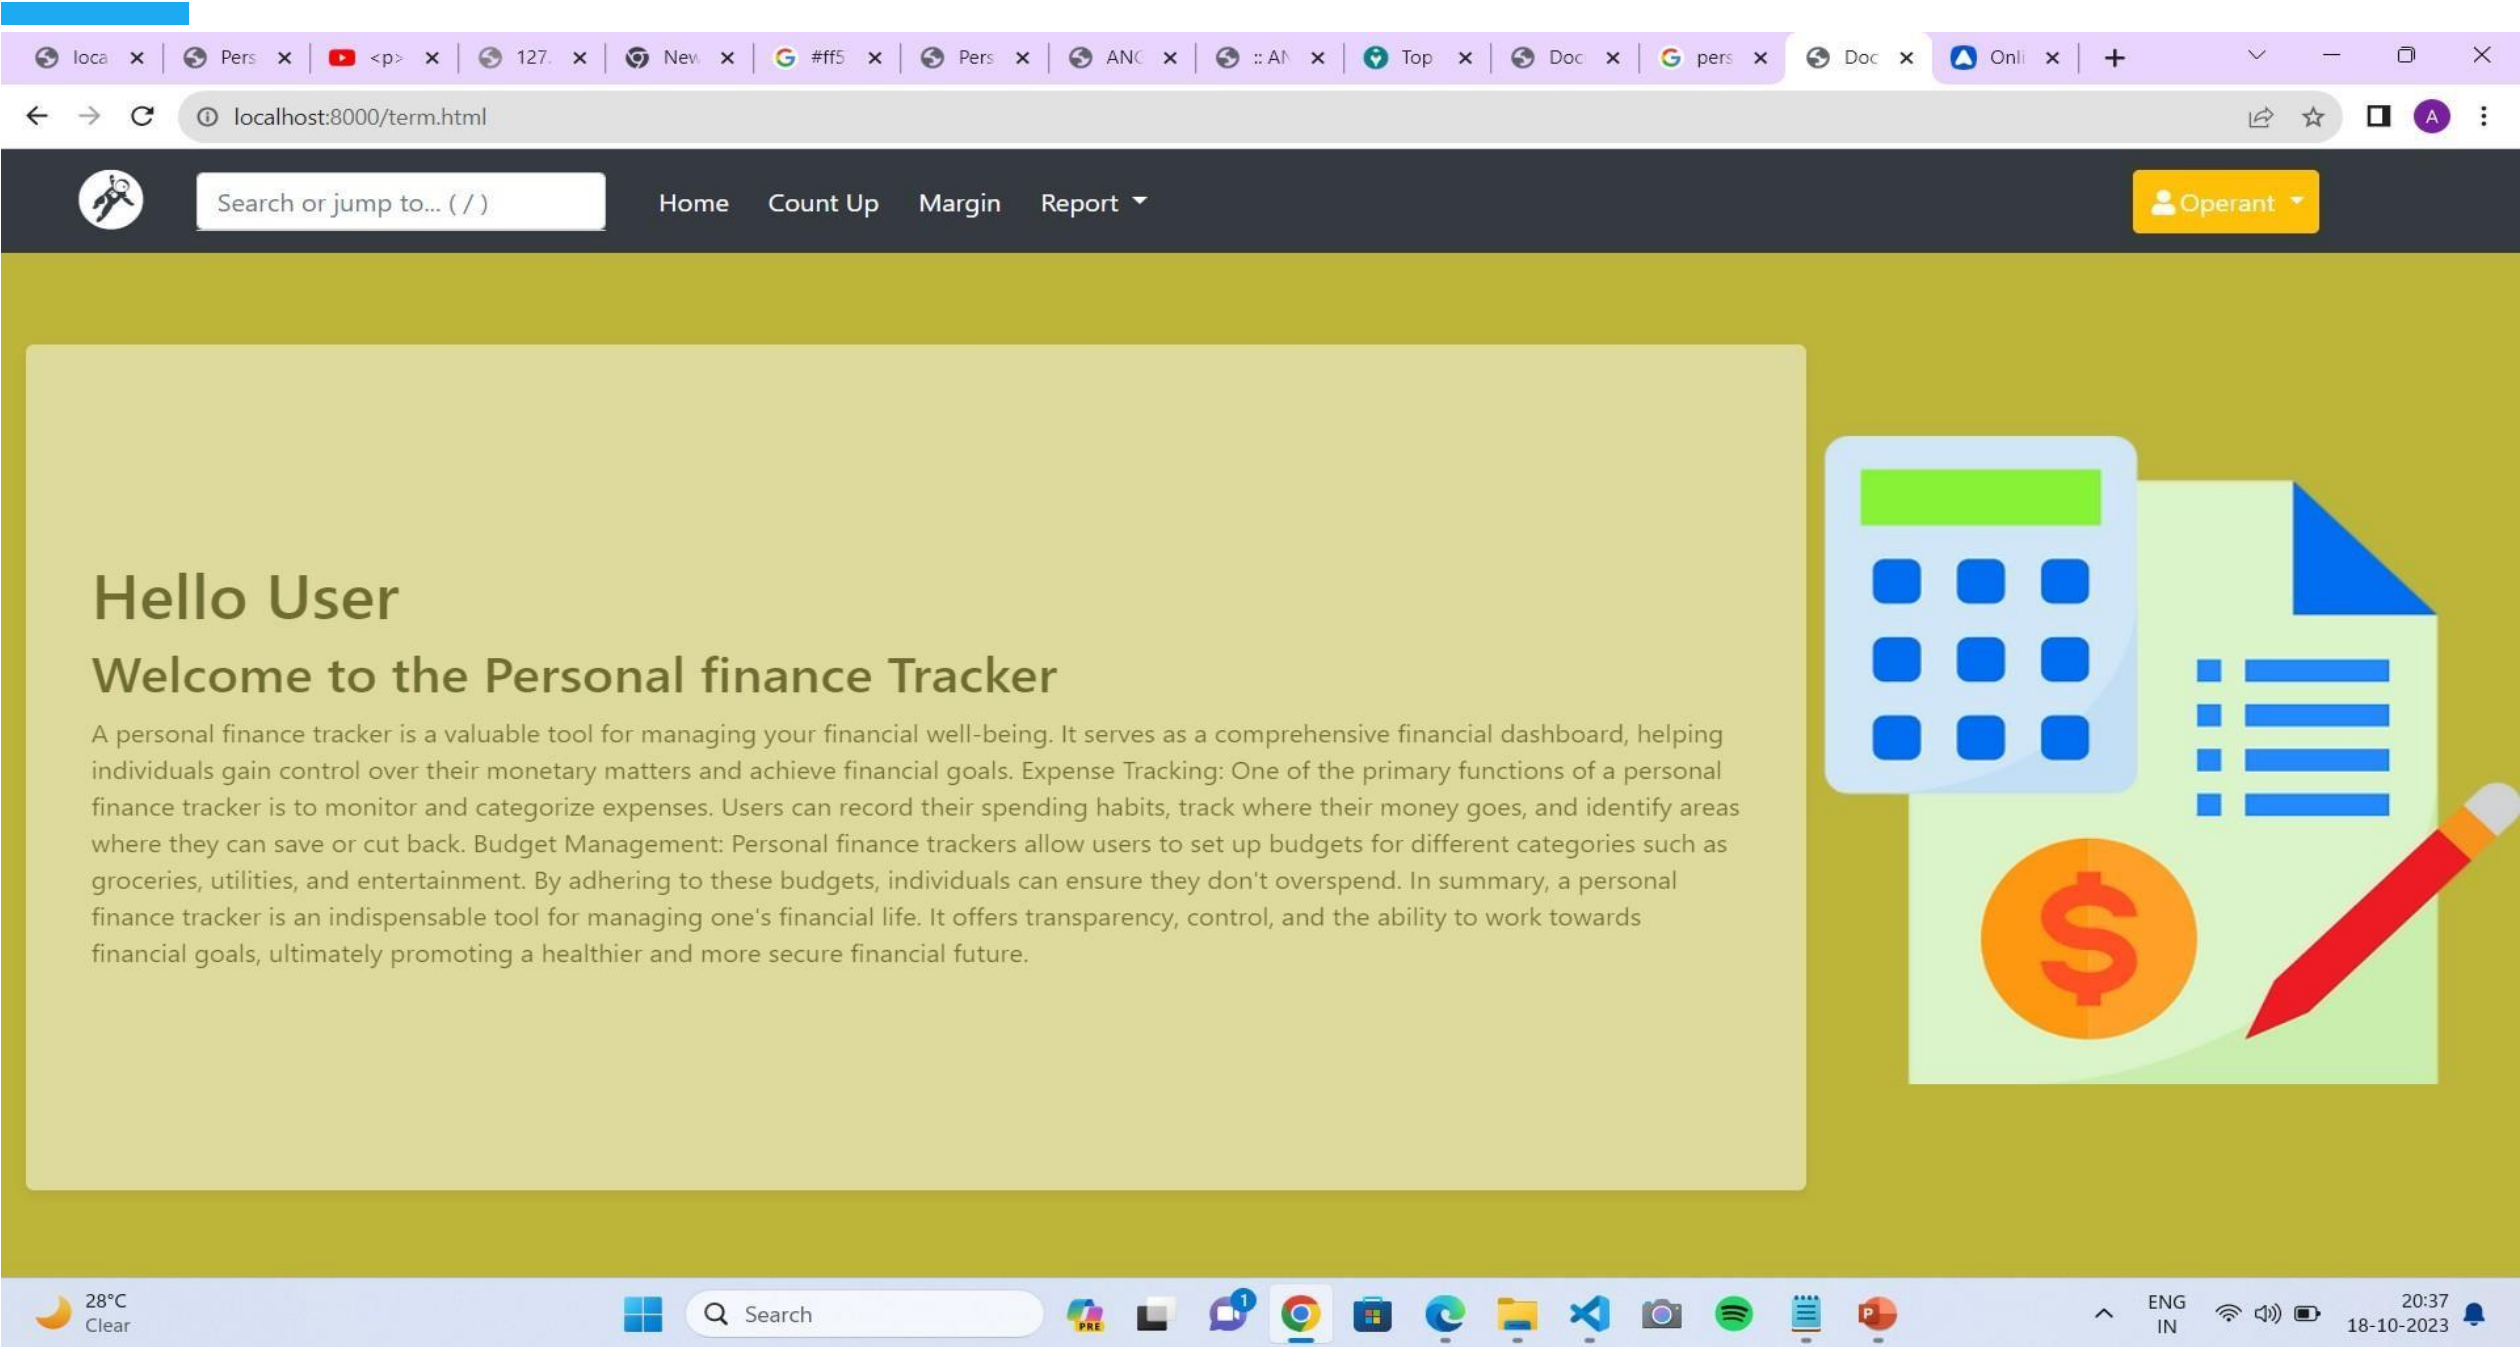

5 Implementation

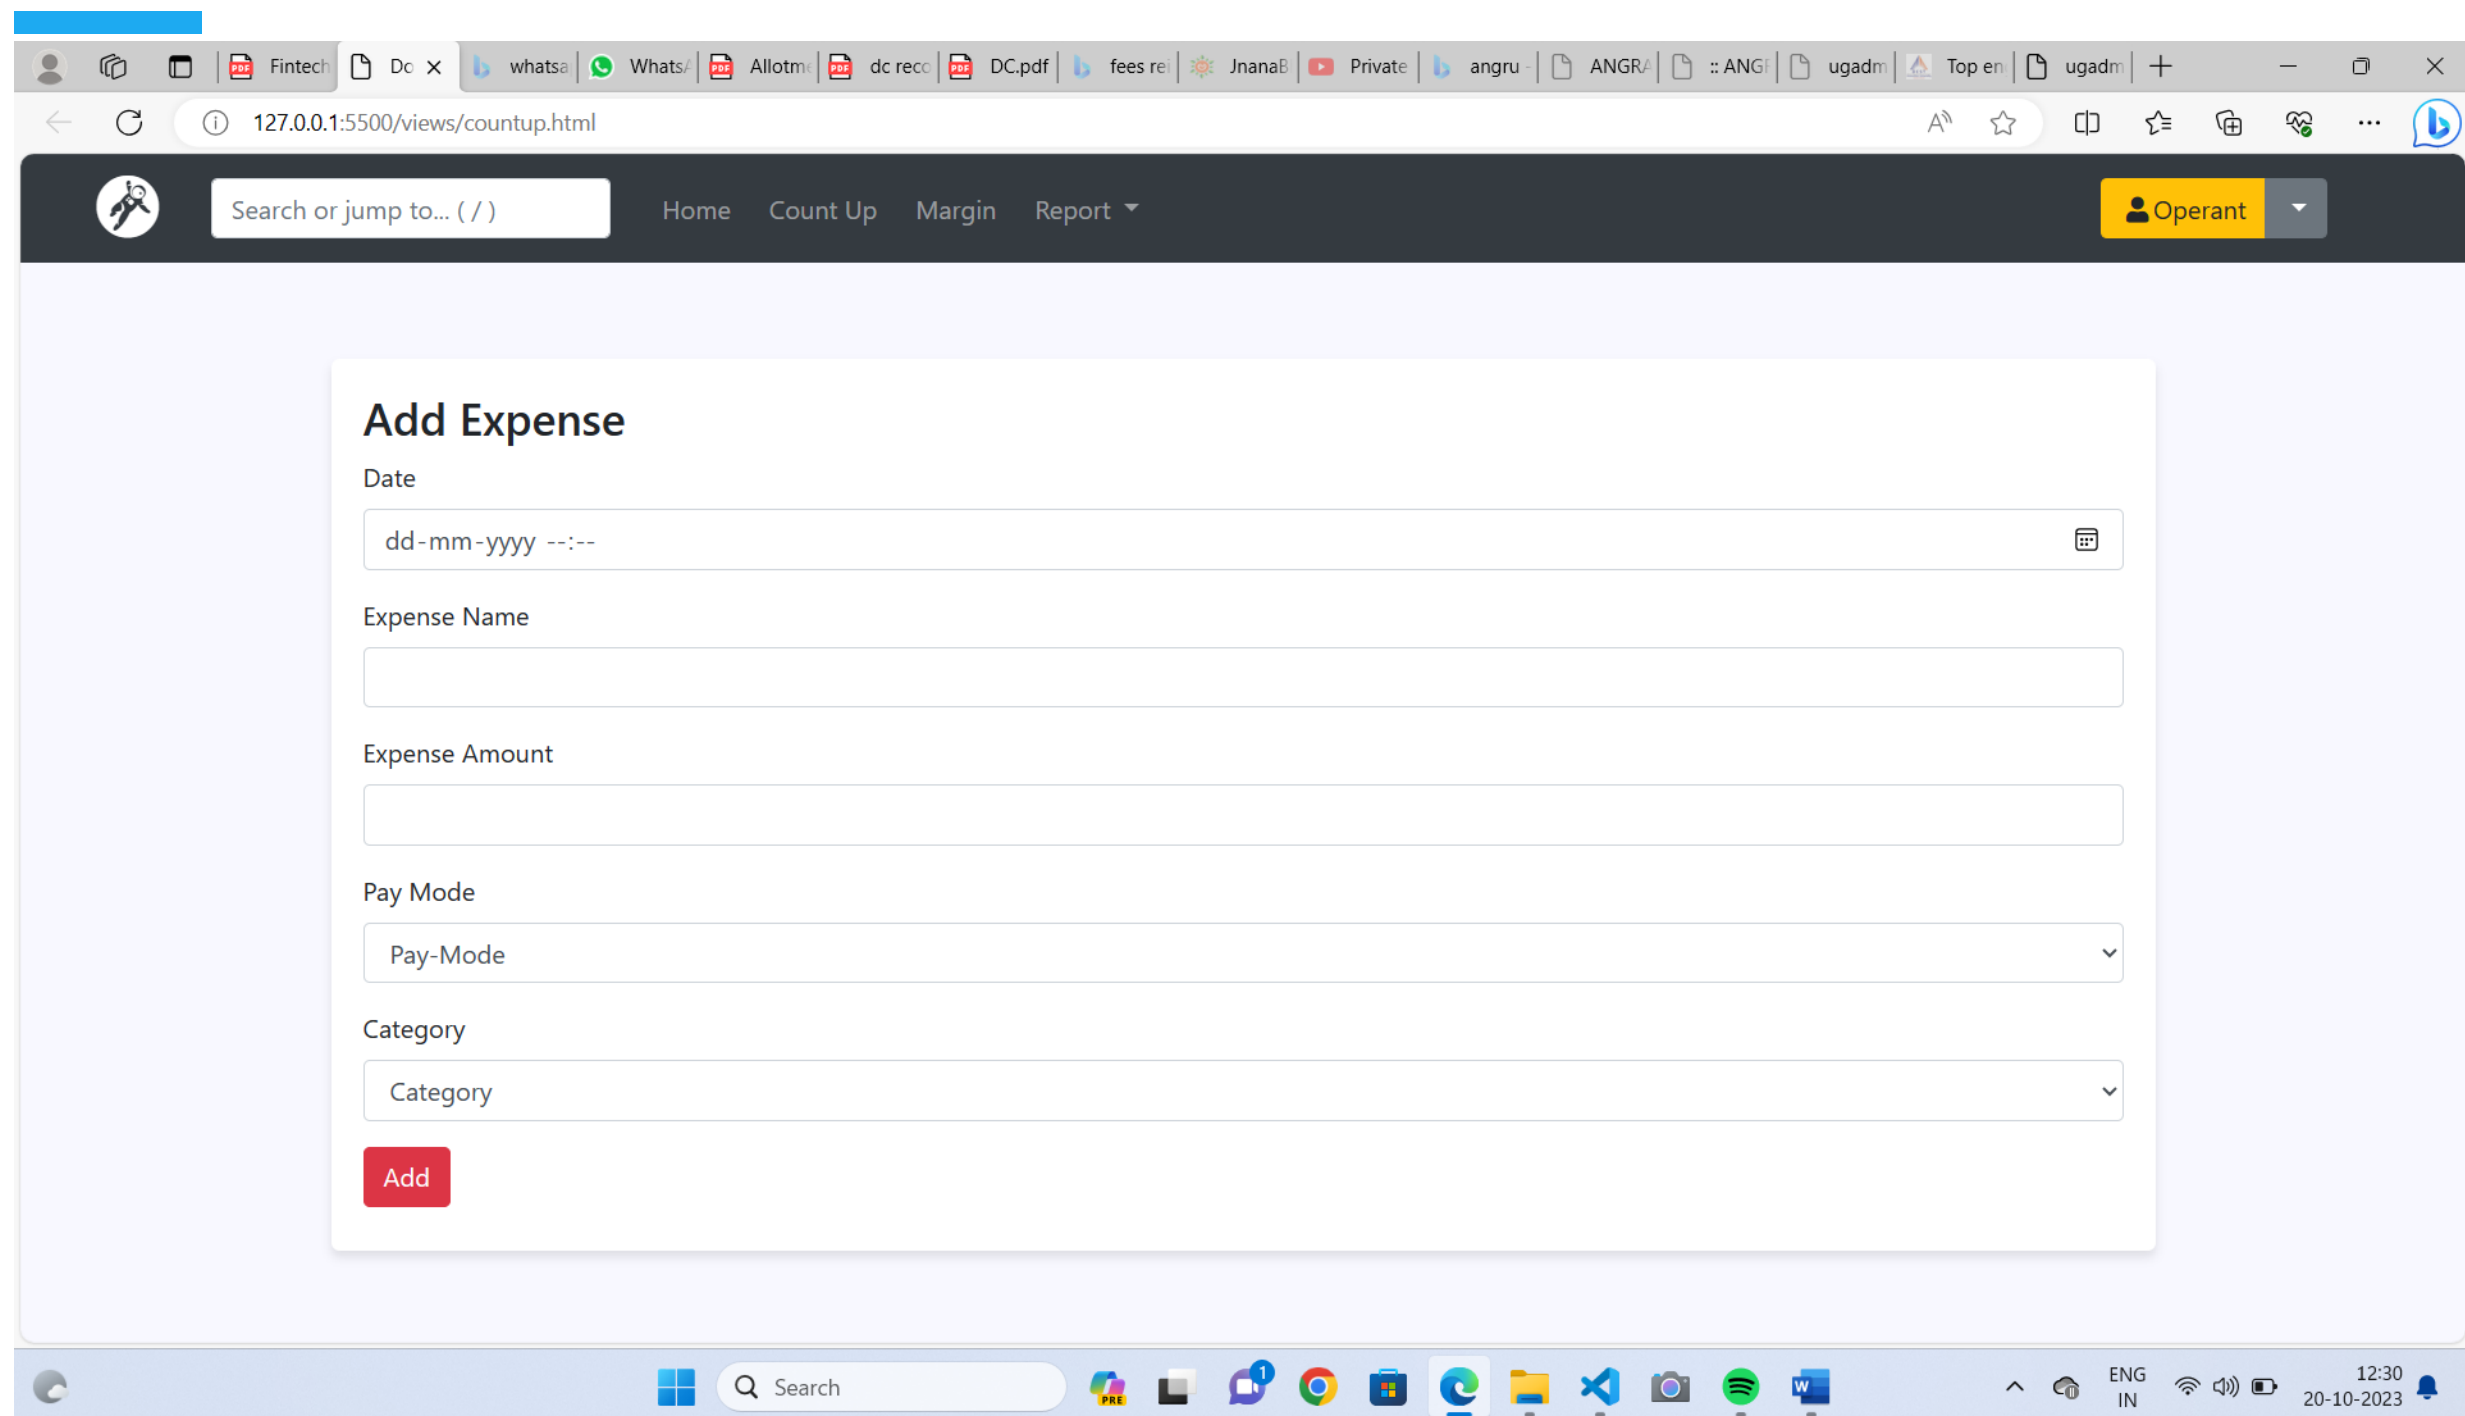

- ***User Authentication***: Students and instructors can sign up and log in securely. Passwords are hashed and stored in the database.
- ***Student Dashboard***: Students can submit projects, and their projects will be displayed in the dashboard page so that they can receive feedback from instructors.
- ***Database***: FIRESTORE Database stores user data and project information.
- ***Security***: User authentication is implemented using JWT, and data is protected through proper authorization checks.
